

**Dr.Pankaj Verma**  
**Assistant Professor**

---

**B.Pharm, M.Tech (Biotechnology), PhD**  
**(Pharmaceutical Science)**

Dr. Pankaj Verma has completed his Doctoral Degree from Jivaji University Gwalior. He has completed his research work from Defence Research Development & Establishment, Gwalior. He has attended numbers of International and national conferences. He has published several numbers of National and International publications.

### **Area of Interest**

Interest lies in method validation, biological sample preparation, pharmacokinetic study, Novel drug delivery system and antimicrobial screening.

### **Experience**

#### **Teaching:**

- 12 years of teaching & research.

### **Skill sets & Expertise**

Isolation of DNA from blood, isolation of platelets and purification, plasmid isolation, competent cell preparation, transformation, isolation of TCRNA, electrophoresis of DNA/RNA, electrophoresis of proteins (sds-page), ELISA, PCR, western blotting, UV / VIS, HPLC, TLC, HPTLC, titrations and extractions.

### **Publications**

#### **Research Publications:**

- International Publications-5
- International Publications- 5

## **Other Achievements**

### **Awards and Honours-**

- Recipient of “DBT Scholarship” 2003.
- Qualified in GATE-03

### **Membership of Professional Societies-**

- Life Member, Indian Immunology Society.
- Life Member, Association of Pharmaceutical Teachers of India.
